## Election Monday, Contests For Top Elected Positions

Monday is election day - all six polling places will be open from 7 a.m. to 7 p.m.

And contests for Selectman and School Committee will be decided. So, too, will the voters act on police salaries and medical insurance for retired employees. Town Clerk Irving O. Piper expects between 62 and 65 percent of the voters to trek to the polls, in an election that has lacked real sparkle.

Three candidates seek two three-year terms on the Board of Selectmen - Philip K. Allen, incumbent; Michael Brennan and Robert A. Watters. Mr. Watters was appointed to the Board several months ago and is seeking his first elected term.

For the one-year vacancy, the two candidates are Roger Collins and J. Paul Herbert.

## \$4 Tax Rate Jump Predicted, If FinCom Report Is Followed

### Candidates Spoke About Issues

Sharply divergent opinions on the police pay question, and on industrial development, highlighted a generally listless candidates' night Tuesday at the High School.

In an atmosphere of politeness towards the candidates on the part of their questioners, all but one candidate for the contested offices appeared at the annual session.

Headmaster John M. Kemper of Phillips Academy moderated the session, and introduced candidates in the reverse order from which they appear on the ballot.

#### Pay Question

The police pay question took early prominence in the session, when Robert A. Watters, seeking the three year term as Selectman, registered absolute opposition to the proposal. He based this on the violation of home rule he believes is present, by adopting a legislative action covering local salaries. Mr. Watters also stressed the manager's responsibility to set salaries, and insisted that this is

(Continued on Page Six)

A tax rate increase of \$4 - bringing the rate up to \$33 - is flatly predicted by the Finance Committee, in its report to the voters.

The document will be in the mails soon, reaching all of the voters prior to town meeting.

The budget this year is \$575,000 greater than was appropriated just a year ago, the report asserts.

Predictions of the tax rate depend on spending only those amounts recommended by the Committee. The report notes that affirmative action on any or all of the ballot questions, or approval of any special articles not approved by the committee, will increase the rate.

A warning that secondary school construction will be requested later in the year - with a subsequent tax rate increase - is also contained in the annual report.

The amount of \$50,040 is recommended by the committee to defray costs of special articles - when this amount is deducted from available surplus funds, it leaves a

### Taxpayers Say No To Question

The Taxpayers Association is flatly opposed to question three on the ballot - which would establish a pay schedule for patrolmen in the police department.

In its report, currently being prepared for mailing, the Association also takes these positions: Develop and maintain a positive, balanced capital expenditures program.

Closely concurs with Finance Committee thinking on budgets and special articles.

Approves articles 7-8-13-19-20 31 and 40; holds open articles 14-18-21.

#### Police Pay

In its lengthy discussion of issues involved in the police pay question, the Association made these points:

It violates the charter provision that the manager shall set salaries.

It ignores police sergeants and

"It is a devious way" to establish a salary scale. Report indicates that Association's displeasure with placing a salary question on the ballot, as a result of legislative action, thus violating home rule.

It upsets the balance between all town employees, as originally established in the wage and salary plan, and thus leads to general up-grading of all employees at the same rate. This could cost \$110,000 more than was appropriated in 1963, the report states.

The report also points out that other salary questions in the warrant should be approved, if the police question is adopted March 2 - with a subsequent "chain reaction in the tax rate."

The Association predicts an increase of over \$100,000 in salaries, if the expected increases take place for all employees.

## Waste Of Time

Describing itself as "disturbed" the Association charged the School Committee with causing a waste of time in school planning.

This resulted when educational specifications were considered last, instead of being acted upon first, the Association asserts.

The report urges, however, that the School Committee take whatever time is now needed to carefully go over the educator-prepared specifications, and not use the shortage of time to adopt any "frilly" space requests. This might lead to rejection of the plans and the waste of more months, the report says.

## Articles Approved

The special articles gaining Association approval, under the general heading of capital expenditures, include:

Chapter 90 appropriation; Roger's Brook second stage, providing matching funds are available from the state; \$79,900 under water system improvements; \$12,000 for architectural aid in secondary school construction; \$50,000 for stabilization fund; study of automating town clerical and book-keeping methods.

Land acquisition articles also are recommended, as they are amended on the floor of town meeting. This approval follows agreement between the Association and the Selectmen to combine the three articles into one.

## Those Held Open

Those articles not acted on, in order to provide more study, include the renovation of the barn on the Shaw property for a police station; surface drainage work.

## Rev. Edith Wolfe Will Preach Here

The Rev. Edith Wolfe, of Rehoboth, will preach at the Free Church Vesper Service this Sunday evening at 6:15.

Miss Wolfe is a graduate of the Union Theological Seminary in New York City. She serves as pastor of the Congregational Church in Rehoboth and is a well-known speaker in many parts of the state. She has made frequent appearances at schools and church organizations, and earlier this year gave a chapel address at Abbot Academy.

Originally starting out on a teaching career in Montclair, N.J., Miss Wolfe has made the ministry her life work.

The vesper service is open to all in the community.

balance of \$216,620. The Finance Committee does not recommend using any of this to offset other expenditures. In past years, some further transfer of funds from surplus has been approved at town meeting, serving to reduce the tax rate. An article is already in the warrant for this purpose, but carries a negative recommendation.

## Exchange Students Spoke At Assembly

Andover's American Field Service foreign exchange students Gunnar Solbraa and Gretha Schermerhorn from Andover High School and Kiyoshi Kondo from Phillips Academy spoke at a Junior High Assembly of ninth graders last week.

Peter Lent, instructor at Phillips Academy, who had spent a summer in Greece as an AFS student when he was in high school, introduced the speakers, explained the AFS program and showed pictures of his experiences in Greece.

Gunnar Solbraa, who is from Norway, spoke of the beauties of his country and told the students that kids in Norway were much the same as those in Massachusetts. "Boys like girls and girls like boys", he said. His explanation of the lengthy five-hour exams held in each subject each year of High School in Norway brought groans from his audience.

Gretha Schermerhorn from Holland also wanted Andover students to realize young people in Holland today are not so different from Americans. No costumes or wooden shoes are seen in Holland now. She spoke of taking 14 subjects each year in school in Holland and of a country with no basements in the houses.

Kiyoshi Kondo from Japan described his island nation with many people and many mountains. He had been greatly impressed with the wide American countryside, when he traveled here from California. He spoke of studying English each year in school and told the ninth graders that this was the only "foreign" language offered most school boys in Japan.

Mr. Lent concluded the program with information for the students about how they could be hosts to a foreign student in their own homes or could go to a foreign country and learn the ways of others first hand.

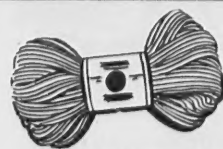

## WON FIRST PLACE IN FIGURE SKATING

Miss Marjorie C. Harrison, daughter of Mr. and Mrs. Fred H. Harrison of Phillips Academy, took first place in the figure skating event at Northfield and Mount Hermon Schools' Winter Carnival last week.

She was also a member of the winning skating relay team.

## Parents, Teachers Will Confer

The Sanborn PTA will waive its regularly scheduled March business meeting, in order to hold parent-teacher conferences on Wednesday evenings, March 4 and March 18.

Both evenings will be devoted in whole to conferences only. There will be no PTA business meeting and no program.

These 10 minute conferences have been proven valuable in the past as they enable a closer contact between parent and teacher and create a better general understanding. A student's progress is discussed individually with parent, and the parent is able at this time to discuss his child freely with the teacher.

## ON CRUTCHES

Linn Rowen, a student at Junior High School, is traveling on crutches these days as a result of a skiing accident suffered at Snow during the weekend of Feb. 15-16.

Her ankle was fractured, which will mean she will be encumbered for another month with a cast. Linn is a daughter of Mr. and Mrs. Bomar G. Kramer of Moreland.

regularly scheduled March  
business meeting, in order to  
hold parent-teacher conferences  
Wednesday evenings, March 4 and  
March 18.

Both evenings will be devoted  
in whole to conferences only. There  
will be no P.T.A. business meeting  
and no program.

These 10 minute conferences  
have been proven valuable in the  
past as they enable a closer con-  
tact between parent and teacher  
and create a better general under-  
standing. A student's progress is  
discussed individually with the  
parent, and the parent is at liberty  
at this time to discuss his child  
freely with the teacher.

## Camp Fire Girls

The Tandamay Camp Fire Girls  
enjoyed an outing in Boston during  
vacation week.

They made the trip by train and  
saw "It's A Mad, Mad, Mad, Mad  
World" currently showing at Cine-  
rama. This group is made up of  
girls from the sixth grades at  
Central and St. Augustine's  
Schools, and were accompanied  
by their leaders Mrs. Gilbert  
Cromie and Mrs. Louis Anderson.

Making the trip were Georgia  
Anderson, Nancy Collins, Janet  
Cromie, Cynthia Dennison, Lori  
Glines, Tina Jones, Debbie New-  
house, Adele Noury, and Dianne  
Rielps.

Roanne Fitzgerald, scribe from  
the Tawaka Camp Fire Girls group,  
made up of fifth graders from  
Shawsheen School, reports that  
the girls were guests of Mrs.  
Santos Missina on the afternoon  
of Feb. 11. Mrs. Missina showed  
them films on Lebanon and served

them cookies made from a  
Lebanese recipe. Girls enjoying  
the visit were Pamela Armstrong,  
Diane Cox, Susan Cox, Debbie  
Davis, Roanne Fitzgerald, Cynthia  
Gower, Kathy Harding, Lynne Him-  
mer, Marcia Miniscako, Margaret  
Murphy, Susan Scribner, Kathy  
Sheehy, Sylvia Sorenson and Wendy  
Wood. Their leaders, Mrs. Robert  
Scribner and Mrs. Augustine  
Sheehy, were also present.

## MEN OF AUSTIN

The fathers of students attending  
Austin Preparatory School,  
Reading, met to organize the Men  
of Austin. The principal purposes  
of this new group will be to aid  
in the development of Austin and  
to undertake projects necessary  
or beneficial to the school.

The Executive Committee in-  
cludes Thomas E. Duff of Andover.

## Consult

**DOUG  
HOWE**  
about this question:

"A customer was furious  
when she cut her leg and tore  
her dress on a floor display.  
She attracted much attention.  
When we explained that our  
Storekeepers Liability Insur-  
ance would pay her medical  
costs and clothing damage,  
she became very agreeable.  
Is there a better way to ach-  
ieve customer goodwill?"

Recreation Park, were formulated by the Community Council for Recreation at its recent meeting.

A brochure explaining what can be accomplished with the \$10,000 requested for improvements at the former Camp Olympia will be distributed to as many homes as possible by Andover young people. Boy Scouts, Girl Scouts, and members of the Teen Center are participating in this endeavor.

The Community Council is a volunteer group dedicated to helping coordinate and improve recreation in Andover. It's membership is open and consists of people who either represent Andover organizations or who are individually interested in recreation. Mention was made at the meeting of the money and labor that have already been donated to the Park. The Junior Chamber of Commerce has spent many man-hours working on the Lodge. Phillips Academy and Abbott Academy students gave their time to paint and clear brush, while Andover teen-agers, in addition to raising \$1000 to be used for toilet facilities, washed windows and painted the Lodge. Electrician Charles Hill worked on some basic wiring and C. Lincoln Giles has donated lights and labor for building improvements.

Recreation Director Leslie Bartow explained to the Council how the requested \$10,000 would be

used in developing the Park: \$1,800 will finish renovating the Lodge, providing heat, wiring, insulation, and inside finish; \$1,500 will provide a necessary sewer connection; \$5,000 will be used to construct an access road and parking facilities; \$750 will provide water installation; and \$1,000 is included for picnic and playground equipment.

Many civic-minded groups have expressed an interest in donating further equipment and service to the Park once the basic items have been provided by the Town. The Council also emphasized the fact that this requested appropriation will protect the original investment of the town in purchasing the land, by making the area usable for all Andover citizens.

## Pike Ski Team Took Top Honors

Saturday, Feb. 22, The Pike School Ski Team scored a decisive victory in the Independent Elementary School Athletic League's annual ski meet, sponsored by the Dublin School in Dublin, N. H. The Andover Day School placed first and second in the two slalom events and first, second and third in the cross country, to boost their team total to 276.21. The Applewild School of Fitchburg pressed the local team through the two

slalom events, but the finish of Stulgis, Bro. and Hockmeyer in the 1, 2, 3 positions in the cross country widened the gap to assure Pike's victory.

Individual honors were won by Jonathan (Biff) Stulgis who scored first in the regular slalom, first in the cross country, and tied for first in the giant slalom. Peter Sullivan of North Andover pressed his teammate by tying him in the giant slalom and gaining a second place in the regular slalom. Other members of the Pike team added to the point score but did not finish among the first five in any event. These included Jonathan Stevens, Sam Washburn, Tom Drake, Steve Weiner and Coles McBee.

The invitation meet was inaugurated five years ago and the Pike School boys and girls have won each year and placed themselves in the position of the team to beat. This year there were more than 50 competitors in the various events representing schools from Fitchburg, Concord, Newton and Weston. Eligible for the competition are boys and girls who are not beyond the eighth grade or who have not reached their 15th birthday.

the proper procedure to follow. Even the slightest suggestion that action on local salaries is based on something done "in the smoke-filled corridors" at the state house, according to Mr. Watters, is enough to require opposition.

Selectman Philip K. Allen also opposed the ballot question, on the general grounds that the manager is responsible for sala-

ries. Candidate Michael Brennan took no position on the question. Contestants for the one-year term were completely opposed in the viewpoint — J. Paul Herbert favors the proposal while Roger Collins is opposed. Mr. Herbert said he will support the question personally, but believes the Selectmen have no official authority in this matter because the manager sets salaries.

Mr. Collins opposed the raise, saying it is too much in one year. He favors a raise that is higher than the three percent granted by the manager but not as high as the 12 percent indicated in question three.

Mr. Herbert's support came on the basis of need — he cited gross and take-home pays for patrolmen in support of his stand.

**Routine Queries**

Candidates for the School Committee — Robert Sherman and William A. Doherty — spoke on their qualifications. The third candidate, Lee E. Noyes, was not present.

Throughout the evening, there were no specific questions of candidates for this office on controversial issues of the day. In general, both men answered queries about helping slow learners, about the curriculum at the Junior High and the establishment of a building committee for all town construction.

**Support Industry**

Candidates for Selectmen generally cited their support of industrial development, in response to a question.

Michael Brennan accused the present Board of inactivity in this field. His general opinion is that little or nothing is being done to attract industry.

Refuting the statements were Selectmen Allen and Watters, both of whom defended the Industrial Commission. They agreed that a lot of work by all concerned officials has not yet produced an industry, but were hopeful this may take place.

Questions one and two on the ballot drew support from all candidates for Selectman — these questions would grant hospital and medical insurance to retired employees of the town, with half the premiums paid by the town.

The question of renovating the barn on the town parking lot on Main st. for a police station drew support from Allen and Watters in particular and from the other candidates in general. Considerable time was spent answering questions on procedures in getting this matter resolved and how it had been presented to the Selectmen.

ONE BEATLE, ANYWAY — Winter Carnival at Abbot Academy resulted in one "Beatle" statue. Here, Beatle fans gather 'round their snowman replica. They are Lee Clark, who likes George the best; Bridgett Parson, whose favorite is Paul; Molly Webster, who likes Ringo and Dale Barraclough, who favors the Beatle named Don. (Staff Photo)

**"Julius Caesar"  
To Be Presented**

Miss Elsie Kellogg returns to the Phillips stage, after being away for four years at Wheelock College. While attending Abbot Academy, Miss Kellogg played in two previous performances "Love's Labor's Lost" and "Much Ado About Nothing" at the Academy. This year she is playing the part of Calpurnia, Caesar's wife, in the performance of "Julius Caesar". Miss Kellogg is starring in the play in addition to her teaching duties with her third grade class at Lincoln.

Playing the part of Calpurnia's husband is Matthew Roehrig, son of Mr. and Mrs. A. K. Roehrig of Andover. Matt also has been in two past performances, "Macbeth" and "Twelfth Night". Matt now attends Phillips Academy, where he will receive his diploma this June. Next year, Matt hopes to do some acting while attending Amherst.

Playing the other female part in the play is Delia Hayes, daughter of Mr. and Mrs. B. H. Hayes Jr. She is playing the part of Portia, the wife of the leading conspirator. A student at Abbot Academy, she has played in more than half a dozen other plays at Phillips Academy.

Playing minor roles are Richard Pieters Jr., Augustine Caffrey, and James Munroe. Pieters is playing the part of a soothsayer this year, after acting in the Shakespeare play last year and acting in other productions while in grade school. Both Caffrey and Munroe are playing the roles of Roman Senators.

And behind the scenes is Joseph Latvis, the son of Mr. and Mrs. J. F. Latvis. He is playing a trumpet part in the music, and he has been working hard all term on the props of the play. The rest of the cast is composed of P. A. students, many of whom are veterans of previous Shakespearean performances. The cast and staff of the play are trying to make this production of "Julius Caesar" Friday and Saturday something special, since 1964 is the 400th anniversary of Shakespeare's birth.

Individual — all tangible personal property (first \$5,000 of household furniture is exempt). List includes boats, motors, livestock, domestic fowl, unregistered motor vehicles; also all machinery, tools, equipment, furniture, fixtures and merchandise of business.

Domestic business corporations and foreign corporations — machinery used in the conduct of business, and poles, underground conduits, wires and pipes.

### Explains Cost Of Question 3

Question three on the ballot next Monday asks the voters to adopt permissive legislation, establishing a minimum-maximum wage for patrolmen in the police department.

The act, if adopted, does not include sergeants or the chief.

According to Patrolman Duncan Cairnie, who heads the committee seeking adoption of the question, 18 of the 19 permanent patrolmen would receive the maximum - \$6,300 - the equivalent of \$121 weekly.

The act establishes a range of \$5,500 to \$6,300 in a three-year period; all but one of the patrolmen has worked three years in the department.

The cost of paying the increase, according to Officer Cairnie, is \$9,975 for this year. It would be \$13,300 for a full 12 months, he explained.

If the sergeants and the chief are given a proportionate dollar increase by the manager, this would add \$3,850 in the current year, Cairnie said. Thus the total added cost in 1964, over 1963, would be \$13,825.

At the present valuation, this would result in a tax rate increase of approximately 14 cents, according to the police officer.

## Townsmen Editorials

### A Precious Day

Monday is a precious day, for those who believe in our right to choose our own officials.

On that day, the polling places will remain open from 7 a.m. to 7 p.m. — a full 12-hour span, during which all eligible, registered voters have an opportunity to select those whom they wish to serve, and thereby, how they wish their government to be operated during the next year.

Issues are also contained on the ballot — important questions require an answer by serious-minded voters.

There are those who predict a quiet election, because no one issue seems to have sparked the campaigns; but we choose to hope, at least, that the lack of some one issue will not keep many people from doing their duty by their town.

Let all registered voters assume their responsibility by casting their ballots.

### Words Of Wisdom

The report of the Charter Study Committee, released last week, says in polite language what we had expected it to say — everyone's a little guilty of ignoring the charter.

One of the paragraphs in the report makes a lot of sense — far beyond the immediate point to which it refers:

"Disregard of the central purchasing provision of the charter indicates how easily the town can become a government of men instead of a government of laws. Regardless of what any town officials think of a particular law, they have no authority to contravene it. Their responsibility is to carry out the law and proceed to have it changed if they believe it to be undesirable. So long as the law stands, it is their duty to obey it."

### Sensible Procedures!

There has been much debate over centralized purchasing in the town; the Study Committee finds there is none, despite charter requirements that it be carried out.

Some citizens believe such a procedure could not possibly save enough to make it worthwhile; others are certain that substantial savings can be realized.

While all this controversy takes place, several of the other features of our purchasing procedures should be examined — and there should be no room for argument at all.

The Study Committee urges better record-keeping, more adequate procedures to be certain that goods are received, and meet specifications. There is also a suggestion that materials purchased by weight be weighed, to see if the town is getting what it pays for.

No one can successfully argue against these sensible suggestions.

The town government should take whatever steps are necessary to be absolutely certain that the town gets its money's worth all the time.

### Down the Years with The Townsman

#### 75 Years Ago — February, 1889

The grocery stores in town will be closed between 12 and 5 o'clock Monday afternoon. This is not for the same reason that saloons are closed in cities on election days, but rather so that patriotic owners and clerks can attend town meeting and take part freely in its deliberations.

Charles W. Hayward's account of his surveyorship for the past year, appearing in the town report, urges the use of crushed stones in our roadways in preference to gravel. As a matter of economy, he recommends that the town buy a crusher, estimating that a yard of stones is worth four yards of gravel.

Dr. Scott had a valuable whip stolen from his carriage in one of the Andover villages Sunday night. A man who would steal a doctor's whip, while he is engaged in the services of healing the sick, must be a hardened offender.

#### 50 Years Ago — February, 1914

The contest for moderator, and for a place on the Board of Public Works, and the interest taken in the candidacy of a woman for School Committee, brought out a larger vote than usual at the annual election Monday. Alfred L. Ripley was the successful candidate for moderator; Thomas E. Rhodes was

re-elected to the Board of Public Works and Mrs. E. T. Brewster won, by 82 votes, a place on the School Committee. G. A. Christy was re-elected for a third term and Principal Alfred E. Stearns for a second term.

The no-license rally held Sunday bore fruit, for the question was defeated by almost 2-1.

James W. Daley has purchased a new horse for use in his business. It was one of the western shipment. Mrs. Maurice Curran and daughter, left Tuesday for California and a tour through the western part of the country.

**25 Years Ago — February, 1939**  
In the first two months of 1939, the BPW has spent some \$7,000 less on snow removal and sanding than was spent a year ago. The Board has promised to do a better job of removal after the next storm, but will try to keep waste down and costs below those of other storms.

Voters may cast their ballots from 7 a.m. to 7 p.m. next Monday. Interest is running high in the Board of Public Works contest, with two to be elected. There are also contests for the other major offices on the ballot.

The Colombosian home on Argilla rd. was destroyed by fire this morning, but seven occupants of the house managed to get out of the building safely.

#### 10 Years Ago — February, 1954

Six contests, with 21 candidates, and a question of consolidating the tree and moth departments with the BPW, are expected to bring out most of the town's 7,689 voters Monday. Seven men are seeking the jobs of Selectman and Assessor, to replace the retiring Roy Hardy, who held the position for 18 years. Although the jobs are separate, custom dictates having the Selectmen also serve as Assessors for the town.

Many local builders are opposing stop-gap zoning measures, proposed by a citizens' committee until such time as more study can be given to zoning problems and growth. Result of the proposal, to be acted on at town meeting, would be to increase lot sizes and frontages in the residential areas.

Police Chief David L. Nicoll has been named a director of the Youth Center on Brook st.

There are 16,000 shade trees on the town streets, according to the annual report of the tree warden.

### Remove Choking Vines In Winter

Winter is an ideal time to cut down vines that are strangling trees.

Vines have a place in garden decoration. But if allowed to climb trees some may soon do more harm than good, according to Dr. Edward J. Duda.

A tendril of a wisteria was allowed to climb a dogwood. Soon it had wrapped itself around a large branch of the tree and the branch died of strangulation.

Woodbine and ivy, especially English ivy and poison ivy, are notorious stranglers of trees. So are interlacing vines of honeysuckle and wild grape.

Some vines can break off branches by sheer weight. Others have a choking effect, especially on small trees. Fences, walls and trellises are for vines, not trees. Vines and trees become compatible when the vines remain as ground cover and not tree climbers.

#### ELECTED TO OFFICE

Peter R. Beaven has been elected to an office by members of Delta Sigma fraternity at Bowdoin College.

He is co-chairman of the Rushing Committee. Beaven is the son of Mr. and Mrs. Raymond G. Beaven, 6 Yale rd.

Friday evening, Feb. 28, the library will present its first Travel Talk of the season at 8 o'clock. Miss Eleanor M. Tucker, Dean of Studies at Abbot Academy, will show colored slides taken on a trip around the world which she made in 1963. For her subject she has chosen "Nepal and Kashmir" and will concentrate on her trip through this area. After her talk she will allow time for any interested viewers to ask questions. Travel talks have been planned for other Fridays, one on March 20 and another on April 24. Each program runs for about an hour and all travelers, would-be or actual, have found the talks extremely interesting. There is no admission; all are most cordially invited. Plan to bring a friend and come along, and save the other two evenings.

#### Story Hours

This week's story hour for boys and girls is called "Knights Of Old". All stories will be related to the age of chivalry in some way. Next week, March 5, the theme is "The Other America". One of the stories will be "King Of The Mountains".

#### Town Meeting Day

This year the library will remain open Saturday, March 7, day of town meeting, for the usual hours, 10 a.m. to 6 p.m. Increased use of the library by students of all ages has influenced this change in policy.

#### Great Decisions

Anyone following the series of TV programs, or sharing in one of the informal study groups now going on, will be interested in the readings provided by the library as background material on all of the eight subjects. This week's program is unit 4, "Disarmament; Alternative To The Balance Of

Terror?" Follow up readings have been collected at the library, ready for circulation. Next Thursday, March 5, the subject for discussion is to be "Castro's Cuba". Among the questions that are seeking answers are how important is popular support to the Castro regime? what chance of success would you give a popular uprising against Castro? how much is Cuba worth to the Soviet union? what is the current policy of U. S. toward Cuba? what are the pros and cons of intervention? what type of preventive diplomacy should the U. S. follow to prevent other Castros from coming to power in the Western Hemisphere? Among the suggested readings, researched as late as November 1, 1963, are the following books, all available at the library: Latin America: Diplomacy And Reality, by Adolf Berle; The Coming Explosion In Latin America, by Gerald Clarke; Castro's Revolution: Myths and Realities, Theodore Draper; The Organization of American States and the Hemisphere Crisis, John C. Dreier; The Wine Is Bitter: The U. S. and Latin America, by Milton S. Eisenhower; The Cuban Story, by Herbery L. Matthews and Ten Keys To Latin America, by Frank Tannenbaum.

#### Littlest Listeners

The Teddy Bears will meet for their usual story hour Wednesday, March 4, at 10 o'clock. Miss Russell is in charge of the Andover groups. In Ballardvale, Mrs. MacCausland conducts the meetings for the children who meet there every other Thursday.

#### Great Books

The next meeting of the Great Books Discussion Group will be Tuesday, March 3, at 7:30 o'clock. The reading is to be Thoreau's "Walden", the following chapters: "Where I Lived and What I Lived For; Higher Laws; Spring; Conclusion. Also the group will discuss Thoreau's "Civil Disobedience". A few copies of the readings are available at the desk.

#### TRADE SCHOOL TESTS TO BE GIVEN

Computed tests and personal data procured at that time will be considered as formal application for admission. The Haverhill Trade School is located at 18-20 Wingate st., Haverhill.

He reported on the three warrant articles, and on the police ballot question, at an executive session of the Selectmen. Later, Chairman James D. Wilson said that the following rulings had been made:

Article 28 - to increase step rates in the salary schedule by a percentage - not legal.

Article 29 - memorializing the manager to grant an 11 percent increase - may be voted, but is not binding.

Article 30 - to adopt permissive legislation for firefighters' salaries, ranging from \$5,500 to \$6,300, may legally be acted upon.

Atty. Charles Hatch, town moderator, has agreed to moderate the meeting. Officials of the town are being invited to attend, so that all questions from the audience may be answered by the appropriate sponsors of the articles.
